Greg Lentz Ministries is a 501C-3 non-profit organization that has recently started a 30 minute TV broadcast entitled "The Cause" to be aired each week on network TV stations across the southeast in 2011. We are a small ministry with primarily volunteer staffing which produces this program in house for each weeks broadcast. In order for our ministry to provide closed captioning for this program, it would require excessive expense and an outside production company to produce this program which would be impossible for our ministry to acquire.

Based on the cost, production, and manpower, Greg Lentz Ministries is requesting a waiver from the Federal Communication Commission to allow this program to continue to air without closed captioning.

Closed captioning cost would require an additional 20 hours of post production which would cost the ministry thousands of dollars each year, which is not available.

- The cost of the equipment to offer closed captioning of the program is an expense of which the ministry cannot afford.
- The programs produced through this ministry are faith based and totally supported by donations and contributions.

Based on the above, we request that the Federal Communications Commission give Greg Lentz Ministries an exemption from requiring us to produce our programs with closed captioning. Thank you for your consideration and attention to this matter.
